Weekend Workshops

This two-day workshop, which includes both group processes and individual attention, will change the way you live your life – and free you to be happier, healthier, more loving and to be at peace!

Michael Bradford is an intuitive healer with the ability to sense and track energy blockages in both the physical body and the invisible auric field that surrounds the body. As he works, he can identify the underlying causes of your challenges, identify whether they are on a mental, physical, spiritual or emotional level, and clear them – sometimes in a matter of minutes.

Blockages are often caused by unresolved emotional or physical traumas from the past. Sometimes an accident, an unresolved loss, or a fear can trigger an illness or misconception about life or one's self, setting in place harmful patterns that lead to a long-term difficulties and dysfunction. Overpowering relationships, whether with family or friends, can seriously deplete the energy field, causing damage that needs to be resolved and healed.

Some challenges, however, cannot be understood in the context of this life. With these cases, Michael will scan the energy patterns of cellular memory, the collective unconscious and what some people call "past lives". Releasing these past patterns, and psychic interference, is often simple – requiring only a few minutes – yet can be life changing.

Whatever the issues you are facing – health, clarity, confidence, relationships, prosperity, communication or business – by the end of this two-day workshop, Michael will have identified the initial cause of the problems and, working both with you individually and with the group, cleared the limiting beliefs and self-sabotage patterns that are no longer necessary.

To gain maximum benefit from Michael's work, please read both his books, "**Hands-On Spiritual Healing**" and "**Soul Empowerment – A Guidebook for Healing Yourself and Others**" prior to attending the workshop.

"I had a car crash seven years ago, and have had chronic back pain ever since. I have been to every doctor, physiotherapist and chiropractor I could find, to no avail. The workshop was a spur of the moment thing for me, but since then, apart from the occasional twinge I have had no more pain – it's unbelievable..." SD, London

"The most astounding workshop that we have ever attended. You are a Wizard Michael – you made miracles occur... God bless you!" MM Reiki Master, Berkshire

"Michael works at the highest level and with complete integrity. He is humble, open, loving, willing to let go of his own stuff, safe and very funny. For anyone who has even the smallest commitment to their own healing, to healing others and this planet, I would say: 'Work with this man! You won't regret it.'" LR, Healer, Complementary Therapist, Guernsey.
